The Annual GLOBAL OFFSHORE EXPLORATION & PRODUCTION CONGRESS
- Main Conference 4th - 5th June 2015 -

Dealing with Volatile Oil & Gas Prices to Enable Global Offshore Oil & Gas Operators to Make the Right Strategic Investment, Operational, Technology, Exit and Entry Decisions into Maturing & Emerging Offshore E&P Territories

Regions of Specific Focus Include:
North Sea & Arctic  The Mediterranean  West Africa  The Persian Gulf  The Gulf of Mexico  Australasia & S.C Sea

In the context of falling and highly volatile oil and gas prices, the Global Offshore Exploration & Production Congress (GOC 2015) will discuss the geo-strategic, commercial, technology and regulatory issues that will ultimately determine the long-term economic viability, development and commercialisation of the global deep and ultra-deepwater oil and gas exploration and production projects. Exploring the economic, political and technical challenges that lie ahead, leading companies, government representatives, and legal experts will meet to discuss the challenges in energy resource development in the region while exploring the latest innovative technologies and groundbreaking solutions to maximising ROI, and minimise potential losses on offshore hydrocarbon resource development and extraction.

Strategic Planning and Development for Offshore Oil and Gas Operators & the Industries that Service Them

Main Congress Themes (4th - 5th June 2015)

✓ Evaluating the Profit or Loss Potential of Established & New Global Plays Given Current & Future Oil & Gas Price Trends
✓ Impact of Shale Production and Suppressed Demand on New and Re-Activated Offshore E&P Projects
✓ Key Case Studies in the Development of Offshore Oil and Gas Production Activities In Key E&P Plays Around the World
✓ New Methods and New Subsea Technologies, Rig and Pipeline Construction for Improving Offshore Reserve Monetisation
✓ Formulating Effective Scale Management Strategies During the Initial Phases of Offshore Field Development
✓ Infrastructure Development for Enabling the Establishment of Processing and Global LNG Hubs
✓ The Pipeline Projects that Will Supply Future Worldwide Markets – Putting Key Regions in a Global Perspective
✓ Increasing Efficiencies in Construction, Inspection, Repair and Maintenance
✓ New Subsea and Well Intervention Techniques - The Implications for Deep Water E&P and Declining Assets
✓ Enhanced Integrated Field Development, Asset Management and Operational Excellence Strategies
✓ New Technologies in Down and Upstream Production
✓ Assessing, Managing and Mitigating Environmental, Financial, Regulatory and Political Risks
✓ Meeting Increasing Local Content Requirements in Key Upcoming Global Offshore E&P Regions
✓ Key Regional Market Updates – Overview of the EEZ Bidding Processes in Key Global Offshore Emerging Markets
✓ Talent Sourcing and Managing Health & Safety Issues in Region’s Evolving Oil and Gas E&P Sector
+ Due to High Demand – Private Round Table Discussions on Hot Topic Issues (held on the afternoons of the 3rd & 4th of June

"An excellent place to meet the top people in the offshore oil & gas industry and an opportunity to gather intelligence on conducting sustainable and environmentally sound E&P activities."
- Subsurface & Operation Geology Team Leader - South East Europe Region - ENI E&P

The 3-Day Congress will be Attended by Senior Executives from the Following Organisations & Departments

- National, Multinational, Integrated, and Independent Oil & Gas Companies & Operators
- Contractors, Service Companies & Consultants
- Deep & Ultra Deepwater Reservoir Exploration
- Reservoir Production, Engineering, Optimisation Operations & Development
- Marine & Maritime Support Services
- Technology Suppliers
- Planning & Forecasting
- Research, Geology & Geophysics
- Procurement
- Business Development & Innovation
- Project Management & Engineering
- Rig Construction & Logistics
- Regulation Experts & Legal Services Providers
- Legal Consul & Government Affairs
- Regional National Government Representatives
- Service and Equipment Suppliers
- Engineering and Construction Companies
- EPC/Main Contractors
- Engineering/Design
- Equipment/Manufacturing/Supply
- Smart/Digital Oil & Gas fields
- Shipyard/Fabrication Yard
- Inspection and Monitoring
- Instrumentation and Control Systems
- Pipeline/Transportation
- Consultants
- Risk Management
- Safety & Security
- IT & Systems Integration
- Licensing

The Pre-Congress Financing, Licensing & Legal Forum (Wednesday 3rd June)
Opportunities, Prospects and Challenges in Financing Key Regional Exploration and Production Projects

Reasons to Attend the G.O.C E&P Pre-Conference Financing, Licensing & Legal Forum

- To enhance your understanding of the dynamics governing the current market for energy financing in the global E&P Arena given projected energy demand/supply trends
- Learn how to evaluate the bankability of oil & gas projects in the region
- Become updated on how regulatory changes will affect the financing market
- Hear from the most accomplished legal practitioners on how to protect investments
- Increase awareness of how to navigate through a transaction
- Become familiar with the type of terms financiers are offering
- Increasing capital for exploration through stock market appeal enhancement
- Learn how to bring assets to production by accessing debt capital markets, resource funds & private equity
- Routes to efficient resource monetisation – effectively turning resources into income
- Managing financial risk assessment for projects in the region
- How to engage in syndicated financing arrangements

The GOC E&P 2015 3-Day Exhibition
Running concurrently to the Congress conference sessions the 3-day exhibition will host the summit’s social networking functions and will feature the leading providers of services to the global oil and gas E&P sector

GOC 2015 Agenda, Main Congress: Day 1 - Thursday 4th June 2015  (Summarized Agenda)

09:00
Chairman’s Opening Address

Investment Priorities for the Offshore Exploration and Production Sector Against the Backdrop of Short-Medium Term Oversupply
Samia Nehme Vice President Commercial, NBD Europe & CIS, Shell International bv

Ensuring Long-Term Energy Supply Given the Current Period of Oil & Gas Price Turbulence – The Role of the Offshore E&P Sector

Rights in Maintaining Supply to Europe’s Hydrocarbon Markets
Emmanuel Haton, Director European Government Affairs, BP

Panel discussion: Current Pricing Trends & Future Supply Requirements and Relevance of North Sea Decline & Arctic Reserve Development & Are New and Upcoming Technologies & Methods Capable of Economically Increasing Recovery While Minimising Environmental Impact?

11:00
Networking Coffee Break in the Exhibition Lounge

Panel discussion: The Middle East & Persian Gulf - Current Status & Future Prospects Given Short, Medium & Long Term Pricing Scenarios
Speakers/painellists: Adriano Mongini, EVP North Africa & Middle East, ENI; John Watson, CEO, Chevron; Hafidh Al Busaidi, CEO, MB Petroleum; Stuart Lake, VP Exploration Europe, Russia, Middle East, Africa & South America EAME, HESS

Effective Transmission & Meritocratic Offshore Bidding - What Operators Should Assess and Adhere to When Evaluating Operators
Dr. Valerie Marcel, Associate Fellow, Chatham House & Kenneth Cohen, VP of Public and Government Affairs, Exxon Mobil Corporation

The MENA Region in Focus - Current and Future Regional Economic Development to Meeting the Energy Needs and Energy Security

Terry Gerhart, Vice-President, Operations, Eastern Mediterranean Business Unit, Noble Energy*

Lessons for Global E&P – How the Gulf of Mexico Has Affected Process & Strategy in Unconventional & Deepwater E&P

Martin Craighead, President & CEO, Baker Hughes* & Christophe Gerard, Deputy CEO, Head of Oil and Gas, Gazprombank Global Resources*

Role of Oil & Gas in Turkey’s Energy Future: Outlook to 2030 - Sohetb Karbuz, Director of Hydrocarbons, Observatoire Méditerranéen de l’Energie

Meeting the Challenges for Global Offshore Production Power Generation Needs

Mike Welch, Industry Marketing Manager, Oil & Gas, Siemens Industrial Gas Turbines

11:30
Networking Lunch in the Exhibition Lounge

14:00

Regional Licensing & Geopolitics

Eurasia Offshore E&P
Future Opportunities & Prospects Regarding Risks for E&P in the Region
Alex Kokechov, Principal Analyst, IHS

Mediterranean E&P Developments
The Geopolitics of Developing Euromed Regional Oil & Gas
J. Keith Elliott, Senior Vice President, Eastern Mediterranean, Noble Energy*; Roudi Baroudi, Former Secretary General, WECS Lebanon*

Obstacles and Risks Associated with Eastern Mediterranean Natural Gas Development
Amir Mor, CEO, Eco Energy

European North Sea
Current Status & Viability of Proposed Gas Distribution Routes
Azfar Shaikut, Director - Oil & Gas, Mott MacDonald* Case Study on the North Sea E&P: Applying New Technologies to Unlock Fields
Fraser Weir, Managing Director, CENTRICA Production Nederland B.V.

Indian Ocean & Australasia
Indian Ocean E&P Developments
Narendra Kumar Verma, Director (offshore) ONGC*
Prospects for Australasian Offshore E&P Development
Roy Krzywosinski, MD, Chevron* (Australia)

West Africa

17:00
End of Day Drinks & Round Table Discussions – Informal private discussion groups on hot topic issues

Round Table 1 - OPEC - Anticipated Policy and Political Changes
Round Table 2 - Global Energy Outlook - Future Growth Scenarios
Round Table 3 - Gulf of Mexico - Reserves, Future for Further E&P
Round Table 5 - Transporting New Eastern Mediterranean Gas - Production and Distribution Options
Round Table 6 - Africa’s Expanding Oil and Gas Industry, Where we are now and What the Future Holds
Round Table 7 - Asia Pacific - Mapping the Future Investment
Round Table 8 - East Asia - Production of Unconventional Gas - Legal, Economic, & Political Constraints

18:00
End of Day Networking Drinks & Canapé Reception

GOC 2015 Agenda, Main Congress: Day 2 - Friday 5th June 2015  (Summarized Agenda)

09:00  Chairman’s Opening Address

Opening Panel Discussion
The Changing Oil & Gas Landscape in the Region & How it Will Affect Energy Pricing & Offshore Projects
panelists: Thina Saltvedt, Senior Macro Oil Analyst & Global Commodities Strategist, Nordea Markets (Norway)*
Ieda Gomes, Expert in Natural Gas Markets & Managing Director, ENERGIX STRATEGY *
Aldo Flores-Quiroga, Secretary General, International Energy Forum (IEF)*

US Market Demand/Supply Dynamics & European Political Trends – Implications for the Global Offshore E&P Sector
JJ Han Fennema, CEO and Chairman, Gasunie *

Market Opportunities in Norway & North Sea for Growing Small-Cap and Start-Up Exploration & Production Companies
Svein Arild Killingland, CEO, NORECO

Turkish Energy Future, Offshore E&P Plans and Strategy and Proposed Russian-Turkish Stream Gas Pipeline to Europe
Barış Sanlı, Deputy General Director of Energy Affairs, Turkish Ministry of Energy

Assessment of Undiscovered Conventional Gas Resources of the World
Christopher J. Schenk, Task Leader, U.S. Geological Survey

New E&P Methods in Boosting Recoverable Reserves – Rethinking the Approach to Declining Field Assets
speaker-panelists: Rune Bjornson, Senior Vice President for Natural Gas, Statoil*; Brian Buckley, CEO, Oman LNG LLC*; Jos Evens, Vice President-Gas Marketing, ExxonMobil Qatar*

Future Supply and Pricing Trends Within the Global LNG Market
Guy Broggi, Senior Advisor LNG, TOTAL, SA*

Yossi Abu, CEO, Delek Drilling*

Lessons Learned in Overcoming the Challenges for Global Logistics in the Emerging Market Offshore E&P Sector
John Vogt, Vice President, Global Logistics, Halliburton*

11:00  Networking Coffee Break in the Exhibition Lounge

13:00  Networking Lunch in the Exhibition Lounge

Panel Discussion led by OREDA
What Recent Spillages Have Taught Us – Improving Prevention and Preparedness
The Ongoing Work and Key Findings of the OREDA Project and Implications for Offshore E&P Activity in New Regions
Marielena Negretti, Exploration & Production Division Manager, ENI
Charlotte Dahl, Deputy-Project Manager, DNV*
Qiaq Tu Huvseg, Manager, Statoil*
Paul Psani, Commercial Director, SRA International*

Regional E&P Prospects in View of Regional Pipeline Developments & Gas Supply Alternatives into EU Markets |
Proposed Turkish Stream Gas Pipeline & Caspian Pipeline Consortium's Pan to Increase the Capacity from Tengiz
Nicolay Brunich, General Director, Caspian Pipeline Consortium *
Rovnag Abdullayev, Vice President, State Oil Company of Azerbaijan Republic (SOCAR)

Closing End of Congress Panel Discussion
The Global Trends and Future Investment in Global Offshore E&P Projects – The Next 5-10 Years
invited panelists: Peter Voser, CEO, Royal Dutch Shell*; Paolo Scaroni, CEO, ENI*; Valerio Bracaccia, Vice President for Eastern Europe, ENI*; Kang-soo Choo, CEO, KOGAS*; Linda DuCharme, Vice President Europe, Russia and Caspian, ExxonMobil USA*; Terry Gerhart, Vice-President, Operations, Eastern Mediterranean Business Unit, Noble Energy, Inc.*; Guy Broggi, Senior Advisor LNG, TOTAL, SA*; Igor Sechin, CEO, Rosneft*; Alexey Miller Director and CEO, OAO Gazprom*; Alexander F. Berger, CEO, Oranje-Nassau Energie B.V.*; Rune Bjornson, Senior Vice President for Natural Gas, Statoil*, Bo Qiliang, Vice President, Petrochina*

**Chairman’s Opening Address**

**Investment Priorities for the Offshore Exploration and Production Sector Against the Backdrop of Short-to-Medium Term Oversupply**
- Investing in new energy supplies despite the global financial crisis
- Strategies in investment to avoid shortfalls in future resources
- Sound balance sheet to withstand volatile energy prices and revenues while investing in new energy resources
- Strategies to meet the future energy demand that will double over the next 50 years

Samia Nehme, Vice President Commercial, NBD Europe & CIS, Shell International

**Ensuring Long-Term Energy Supply Given the Current Period of Oil & Gas Price Turbulence – The Role of the Offshore E&P Sector**

Mr. Sadamori took up his duties as Director of the Office for Energy Markets and Security at the International Energy Agency on 1 October 2012. Previously, he held the post of Deputy Director General for Policy Co-ordination at the Ministry of Economy, Trade and Industry (METI), in Japan.

**Maintaining Supply to Europe’s Oil and Gas Markets**

Emmanuel Haton, Director European Government Affairs, BP

Mr. Haton has spent his entire career in the BP group, first in France, and later in several regions in the world. In 2002, he was posted to BP Angola in charge of Government and Public Affairs. He was appointed in Brussels as Deputy Director European Government Affairs in 2004 and took his existing role as Director European Government Affairs in June 2012.

**Current Pricing Trends & Future Supply Requirements | North Sea Decline & Arctic Reserve Development**

**The Middle East & Persian Gulf - Current Status & Future Prospects**

Adriano Mongini, EVP North Africa & Middle East, ENI, Herve Coutrix, President & CEO, TOTAL E&P, Research & Technology, Hafidh Al Busaidi, CEO, MB Petroleum, Stuart Lake, VP Exploration Europe, Russia, Middle East, Africa & South America EAME, HESS

**Effective, Transparent and Meritocratic Offshore Bidding - What Governments Should Assess When Evaluating Operators**

Joint presentation by

Dr. Valerie Marcel, Associate Fellow, Chatham House

Dr. Marcel focuses on national oil companies and petroleum sector governance. In 2003 she set out on a 3 year adventure to get a closer look at the inner workings of the largest oil companies in the world and interviewed over 120 NOC executives and officials from energy ministries.

Kenneth Cohen, VP of Public and Government Affairs, Exxon Mobil Corporation

Mr. Cohen is involved in energy policy and environmental sustainability for the corporation. He also runs the company’s non-profit foundation and has worldwide responsibility for Exxon Mobil’s government relations, communications, media relations, global community relations and corporate citizenship activities.

**The MENA Region in Focus - Current and Future Regional Economic Development to Meeting the Energy Needs and Energy Security**

Terry Gerhart, Vice-President, Operations, Eastern Mediterranean Business, Noble Energy

Mr. Gerhart began his career at ARCO Oil and Gas Company in 1984 where he held a variety of engineering, construction, management, and operations positions. In 1993, Mr. Gerhart joined Vastar Resources, where he was one of the initial executives in the start up of the company. Mr. Gerhart also served in executive management positions with increasing responsibility for BP America Production Co’
Lessons for Global E&P – How the Gulf of Mexico Has Affected Process & Strategy in Unconventional & Deepwater Exploration and Production Activities

Martin Craighead, President & CEO, Baker Hughes*

Martin joined Baker Hughes in 1986 and served as the company’s President and CEO from January 2012 until assuming his current role. Prior to this position, he held responsibilities as President and Chief Operating Officer from 2010 to 2012, Senior Vice President from 2009 to 2010, and Chief Operating Officer in 2009. His career at Baker Hughes includes a three-year tenure as Group President for the Drilling and Evaluation business, as well as roles throughout the Americas and the Asia Pacific region.

Christophe Gerard, Deputy CEO, Head of Oil and Gas, Gazprombank Global Resources*

Christophe joined Gazprombank Oil and Gas Department and was one of the founding directors of GPB Neftegaz Services B.V. He also assumed various executive positions until January 2011 at Gazprom International Group, the Gazprom arm in charge of upstream activities overseas. In February 2012 Christophe Gerard was appointed Managing Director of GPB Global Resources.

The Role of Oil and Gas in Turkey’s Energy Future: Outlook to 2030

- Turkey’s energy supply and demand outlook to 2030
- Developments in upstream oil and gas sector
- Reliance on oil will endure but the future of gas is at the crossroads
- Can Turkey become a regional oil and gas hub?

Sohbet Karbuz, Director of Hydrocarbons, Observatoire Méditerranéen de l‘Energie

Meeting the Challenge for Global Offshore Production Power Generation Needs

- Reducing CO2 emissions
- Reducing Combustion Emissions: Dry Low Emissions Combustion
- Utilising associated Gas as fuel
- Alternative Fuels to Associated Gas
